

SALE OF U. S. SHIPS IN AMERICA ONLY, URGED IN SENATE

Substitute Measure Would
Build Up Marine Under
Stars and Stripes.

WASHINGTON, April 28.—(Estab-
lishment of an "America First" policy
for the development of the American
merchant marine is provided in a
bill drafted as a substitute for the
House Merchant Marine Bill by the
Senate Commerce Sub-Committee
and made public to-day by Chairman
Jones, who plans to report it to the
full committee to-morrow.

Countdown shipping, the bill pro-
vides, must be entirely American
owned, while 75 per cent. of the stock
of corporations engaged in foreign
trade must be held by American citi-
zens. Sale of American ships to
foreign interests would be prohibited
by the bill without the approval of the
Shipping Board, which the act
creates.

The bill also would prohibit the
Interstate Commerce Commission
from exercising authority already
existing, to grant preferential rail
and water freight rates on exports or
imports as well as passenger rates
unless American owned vessels were
used. Upon the board's recommenda-
tion, where American owned ocean
transportation facilities are inade-
quate, the commission would be au-
thorized by the bill, however, to sus-
pend this section. In order to per-
mit this discrimination, the bill di-
rects the President within ninety
days from its passage to terminate
any existing restriction of the right of
the United States "to impose discrimi-
nating duties or tonnage dues on
foreign imports or foreign vessels."

"This simply unshackles the United
States commercially so far as its
merchant marine is concerned and
will enable it to pass such laws as it
may desire to pass for the encour-
agement of the merchant marine,"
Senator Jones said to-day. In pro-
viding for the preferential rates he
declared the bill only proposed a
policy similar to that under which
Germany, Japan and other countries
built up their export trade and main-
tained their shipping.

As already announced the bill will
place the present Government-owned
merchant fleet under the direction of a
Shipping Board composed of seven
members, which would be authorized
to operate the ships under charter or
otherwise and develop the foreign
trade of this country through the
establishment of new trade routes by
means of private enterprise if pos-
sible, or through Government opera-
tion if necessary.

The bill defines the policy to be fol-
lowed by the board and directs atten-
tion to the fact that the national de-
fense and the proper growth of Ameri-
can commerce require a merchant
marine of the best type of ships, suf-
ficient for the greater portion of com-
merce, ultimately to be owned and
operated by private American citizens.
It specifies that the board must do
what may be necessary to accomplish
this purpose.

The House bill directed the board to
sell the Government-owned merchant
ships as soon as practicable, but the
Senate bill provides that they shall be
disposed of "as soon as practicable
consistent with good business meth-

and the objects and purposes to be at-
tained by this act."
Ships of foreign owners who are
guilty of giving preference or rebates
or discriminating against Americans
in violation of existing statutes would
be barred from American ports.
Amendments to the La Follette sea-
men's Act also are appended to the
measure, designed to carry out recent
Supreme Court decisions and bring
foreign seamen up to American stan-
dards.

MONSTER TURTLE CAPTURED

**Boy Who Netted the Sea Whopper
Holding It for Exhibition Purposes.**
(Special to The Evening World.)
RAYVILLE, La., April 28.—The
monster turtle which has navigated the
waters of the John E. Roosevelt estate
here for many years, a constant
menace to ducks, and which was cap-
tured in a pike net to-day by the
gardener's son, looks to be as big as
a washtub and is held by the boy
pending the arrival of offers from
museums and side-shows.
The turtle is believed to be a native
of the deep sea in the tropics. It is
sea-green in color and is not a mud
diver.

FIRE ON SUBWAY TRAIN.

**Detective Shows Ignites Insulation
on Car—Six-Minute Tie Up.**
A defective shoe on a northbound
Seventh Avenue Bronx train during the
rush hour this morning set fire to in-
sulation on the fifth car of a ten-car
express and caused a six-minute tie-up
in traffic. The train was forced to stop
at 12th Street, where the power was
shut off. The train crew then chopped
off the shoe and extinguished the
blaze.
A fire alarm was turned in but the
flames were out when the firemen ar-
rived.

When Closet Space Is Scarce

Use These Under-Bed Boxes

WITH apartments growing smaller every
year, it becomes difficult to find the nec-
essary room for your clothes each season—
closet space is so limited. Then, too, in summer
homes, where jolly throngs overtax the rooming
capacity, there aren't closets enough.

Why not have one of these convenient under-
bed boxes under each bed? Made of California
redwood, finished in natural color, they are dust-
proof, mothproof and large enough to hold a great
deal. They roll on wooden wheels under a 9 1/2-
inch clearance from floor to bed, so are easily
pushed in and out. 49 in. long by 22 in. wide.

Very Reasonably Priced, **\$13.50**
